This is a second Notice of Allowability to replace the Notice of Allowability entered on 11-13-07 which has been inadvertently misplaced by supporting staff.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Claim 6: Page 5, delete the compound No. II-38, and page 7, delete the compound No. II-99.

The Examiner's Amendment is necessary to remove duplicate entries.

Allowable Subject Matter

Applicant's amendment and the terminal disclaimer of 10-02-07 have been fully considered. The terminal disclaimer has overcome the previous rejection of Obviousness-type double patenting (ODP). With no outstanding rejection, pending claims 1-6, 17, 20 and 21 are allowed.

An update search was conducted. References cited on PTO-892 while teaching relevant compounds do not have a filing date that antedates the effective filing date of this application. Thus, they are not competent prior arts.
